Once I opened to a larger reality that included historical contact with non-human life forms (“NLF”), and the ancient as well as current presence of extraplanetary beings on this planet, I began to see human history in a much different light. Things like the construction of the pyramids of Egypt and Mexico come into focus. Passages from the Bible took on new meaning.

When I took the next step and admitted that these NLF had probably interacted with humanity, I acquired new insights into humanity’s origins. Differences in race, beliefs, and institutions could be explained as residuals of these earlier interactions.

Before you dismiss the foregoing as mere speculation, look at the most recent conclusions of DNA regression analysis. They point to a single ancestor of over a hundred thousand years ago. Look at anthropological discoveries that date human skeletons to 200,000 B.C. Examine critically, without a traditional bias, translations of ancient writings. Look at ancient paintings and carvings and see NLF and ET craft. Accept as true the stories of indigenous peoples as they relate their historical interactions with “star people.” Look into metaphysical revelations for truths of long ago. Any of the above, scientific or other, can be dismissed by someone with a closed mind. However, if you are open to the possibilities, they will change the way in which you see the history of this planet.

As usual, I am not asking you to believe my discoveries. As usual, I invite you to investigate for yourself, and to make up your own mind. As an example, check out this engraving from an ancient Egyptian pyramid. What are those modern-looking aircraft doing there?

I have covered some of this material in my latest book, DECIMAL. There I tell the story of one NLF who has been on this planet for many thousands of years. I also tell the story of an even more ancient off-planet civilization that was responsible for moving humankind from its animal status to that of modern man. (These is, of course, only a fraction of the material contained in DECIMAL.)

[Click Here to get my recently developed Historical Extraterrestrial Timeline](#). Many of the points relate directly to the above discussion.

If you have friends whom you would like to introduce to the larger picture, get them to buy a copy of TRILLION or DECIMAL, better yet, give them a copy for Christmas.

In Truth and Love,

Mark

Both TRILLION and DECIMAL are available in paperback.
