

The Cosmic Paradigm Newsletter

by Mark Kimmel & Associates

December 13, 2004

Thank you all for your support of the Cosmic Paradigm. The job of awakening people to the larger reality requires a tremendous effort, not only on my part, but by others who assist me through their encouragement, by keeping me apprised of the latest happenings, and through donations. I am grateful.

INFORMATION CONTINUES TO COME FROM ALMOST EVERY DIRECTION: CHANGE IS COMING, THESE ARE NOT NORMAL TIMES, NO BUSINESS AS USUAL. IN SOME CORNERS, IT IS ALREADY UNDERWAY. THE MAJORITY IS BEGINNING TO SENSE IT, TO WONDER WHAT IS GOING ON.

I see signs in the stalled stock market, in the slumping dollar, in the price of gold. I wonder about the continuing division within the U.S., post election. The recent report from the 16 eminent members of the United Nations Panel on Threats, Challenges, and Change point out that the people of this planet are more interconnected than ever. I am discovering people who are disconnecting from the grid. I read the longing for and understand that there must be a better way in my emails, in books, and in a few movies. And, last but not least, those off-world beings who care about the future of this planet are very busy.

Meanwhile the mainstream news media continue to churn out reports of disasters and death. Mainstream Hollywood throws ever more violent movies our way. Mainstream television has been reduced to sitcoms, "reality" shows, and commercials.

Attached to this newsletter are two articles from today's New York Times. **READ THEM WITH AN EYE TO THE LARGER PICTURE.**

In the first, the Pentagon is discussing what propaganda moves to make. [Click here to view PDF.](#)

In the second, folks are in Argentina to celebrate the enactment of the Kyoto Treaty (Without the U.S.). [Click here to view PDF.](#)

Also attached is a wonderfully detailed chart that shows how we have and continue to be manipulated, how propaganda is alive and well. I ENCOURAGE YOU TO STUDY IT. Once you realize what is going on, I am sure you will look at that which enters your consciousness with greater selectivity. [Click here to view PDF](#)

As we enjoy this holiday season, it always seems to me that time slows a little and people treat each other with a bit less anger, with more acceptance, and are more willing to show love. My wish is that we could extend this attitude for the remainder of the year, and build upon it.

You see I know that we could create a veritable paradise on this planet that would encompass all, not just a few. However, as long as we are convinced that this planet will stumble along as a place of sorrow, that

is exactly what we will get. For it is true that we create our own reality.

Seasons Greetings,
Mark

P.S. I have appearances scheduled in **Ft. Lauderdale (Jan 16th)**, **New York City Jan 19th**), and **Denver (Feb 12th)**. Check www.cosmicparadigm.com for locations and times. In the New Year, I will be talking about the ten foci of Creating the Cosmic Paradigm. My new non-fiction book, dealing with this, should be out in January.
