

The Cosmic Paradigm Newsletter  
July 30, 2005

Dear Friends,

Over the past two months, I have had wonderful sharing encounters in Crestone, Santa Fe, Roswell, the Denver area, Salt Lake City, and the San Francisco area. A special thanks to each of you who made time, opened your hearts, and shared your wisdom. I assure you, this is very much a mutual enlightenment process. What special resident humans you are.

During these past two months of travel, I have learned that each of us is at a slightly different place on our path of maturation as well as resonating with seemingly different paths. In my opinion this makes for an incredible symphony of higher consciousness. I am both humbled and awed by the process.

I am learning that my venture -- all this traveling and these meetings -- is to connect with folks like you who are awaking to the larger reality, to give you comfort that you are not alone on their journey, to help you see yourselves as cosmic citizens, and to connect you with the larger consciousness that encompasses all life forms. As you might expect, this is best carried out in one-on-one meetings or small groups.

Heidi and I are now on our way to Oregon where I will make presentations in Ashland and Eugene. Then we travel north to the Seattle area and Vancouver (more gatherings). Along the way, I am looking forward to meeting and sharing with some of you.

The things we have been discussing in my meetings are:

- Most of what you grew up believing is a lie
- My personal contact experiences and the meaning I have gained from these.
- Major UFO events from around the world and what are the implications of that reality.
- Who are the ETs? What is the organization of the universe?
- Messages from ETs as derived from numerous contact experiences.
- Our devolving world as seen in the oil economy, government cover-ups, environmental disasters, and weapons of mass destruction
- When we might expect planetary change.
- Who we really are. Why our beliefs are controlling us. Why we are so powerful.
- Why we need to stop talking and start acting.
- Practical ways in which we as individuals can become cosmic citizens and collectively transform ourselves and the planet to a higher consciousness.

Interested in learning more? Schedule a time when we can talk, or gather a few friends for a gathering. Let me know where you live and we'll try to stop by.

One of the questions I am repeatedly asked is, "What is an 'extraterrestrial?'" As there is not a simple answer to this, let me spend a few paragraphs giving my definition of "conscious life forms," which is how I look at the panorama of existence beyond us. I believe it is extremely important to take a broad view of this when attempting to figure out what is going on in the Larger Reality.

First, let me say that it is almost impossible when "seeing" one of these beings to tell whether he or she is a spirit form that is making itself visible, or whether he or she is a physical form that is choosing to make itself only partially visible.

#### CONSCIOUS LIFE FORMS:

- Aliens
- Angels
- Celestials
- Elementals
- Extraterrestrials
- Extraplanetary Beings
- Extra-dimensional Beings
- Off-planet Personalities
- Orbs
- Resident Humans
- Spirit Guides
- Spirits
- Time Travelers

Extraterrestrials, extraplanetary beings, extra-dimensional beings, off-planet personalities, and aliens (I dislike that pejorative word) generally have physical bodies that are of a higher dimension. Clifford Stone states that as of 1989 there were 57 different species that our government had categorized. For another look at this go <http://www.cosmicparadigm.com/> and order a copy of the extraterrestrial identification kit.

Angels, celestials, spirit guides, and spirits do not have physical bodies. These are the guys I grew up believing occupied a slot slightly higher than we ordinary people. I still see them, more or less, this same way, although I'm not so sure how much "higher" they are. These beings are collaborating with physical life forms in our positive transformation.

Time travelers are just who you might think they are. Keep in mind that once you get to the 5th dimension, time and space are a whole different ball game. Orbs are associated with crop circles but have been reported all over the planet.

You and I are the "Resident Humans" as opposed to non-humans and humans who might be from somewhere else (our ancestors maybe?) And, yes, there are humans who were not born on this planet, but who are residents of this planet.

Confusing enough? One way to look at this is to see the various conscious life forms on a frequency or energy spectrum. Physical matter is the slowest form of energy. 5th dimension extraterrestrials are able to slow their frequency enough to drop into our visible spectrum. This frequency spectrum extends all the way to Divinity.
