Timeline: Contact With Extraterrestrials And Non-human Conscious Life Forms

Editor's Note: **The following chart shows the almost continuous contact that our planet had experienced with off-planet entities.** The material was compiled from a number of sources. Only the most recent events are capable of first-hand verification by multiple witnesses. In some cases, I chose to present information because the "story" has persisted for so many years. In other cases one story conflicts with another, I present both stories. As noted, I have written about some of these events in my two books, *Trillion* and *Decimal*. I also reference certain events in my DVD, *Awakening to the Cosmic Paradigm*. As with all my material, I ask the reader to investigate and form his or her own opinion. If you have questions or comments contact me at MK@montrose.net.

In Truth and Love,

Mark Kimmel
